Design

Investor Centre utilises a responsive framework which means that no matter your device or screen size, Investor Centre will adapt to provide you with the most user friendly view and experience.

We have also designed it with an intuitive layout so that all the important information and features are easily locatable.

Security

Enforced strong password requirement

Site seal

Email address validation

Designate 'trusted' and 'non-trusted' devices

Non identifiable security questions

Multi factor

View and manage
