To the shareholders

Dear Shareholder

Recommended proposal for the cancellation of the Company's share premium account

Introduction

The Board of your Company is proposing that the share premium account of the Company be cancelled. Cancellation of the share premium account requires shareholder approval and the confirmation of the Court after a court hearing. The purpose of this document is to set out the background to and reasons for the proposal. **The Board unanimously recommends that you vote in favour of the special resolution to be proposed at the General Meeting to be held at 11.30 a.m. on 1 September 2009, notice of which is set out at the end of this document.**

Cancellation of the share premium account will increase the Company's existing special reserve and will be available to make dividend payments and market purchases of the Company's issued ordinary shares, or for any other purpose to which a distributable reserve can be applied, subject to the terms of any undertaking that the Company gives to the Court for the protection of creditors, as further explained below.

Background to and reasons for the proposal

The existing distributable special reserve was created through the cancellation of the share premium account of the Company (or Murray VCT 3 PLC as it then was) in 1999 and in 2004. Over time, this reserve has been utilised for the purchase and cancellation of ordinary shares, and it forms part of the distributable reserves available to the Company for the payment of dividends.

The Company merged with Murray VCT PLC and Murray VCT 2 PLC in January 2006. Crown Place VCT PLC's share premium account created as a result of this merger was not cancelled at that time. However, following a review, your Board now considers it sensible to cancel the whole of the share premium account in order to give the Company greater flexibility for the payment of dividends and for share buy-backs.

As shareholders will be aware, it is the Board's policy to pay regular and predictable dividends to investors as the Directors believe that this is a key source of shareholder value. Dividends can only be paid out of distributable reserves and therefore the Board believes that increasing the amount of distributable reserves is in the interest of shareholders.

The Company has a policy of buying back its own shares for cancellation or for holding as treasury shares when such purchases are considered to be to the advantage of the Company and its shareholders as a whole. These shares are purchased at a discount to net asset value, which enhances the Company's net asset value per share.

The purchase of shares by the Company can only be funded through distributable reserves, (which in turn reduces the amount of reserves available for distribution to shareholders by way of dividends) or the proceeds of a fresh issue of shares made for the purpose of the purchase. The purpose of the proposed cancellation of the share premium account is, therefore, to increase the size of the distributable reserves that will be available for the payment of dividends, for the purchase of the Company's own shares, and for any other distributable purposes, including the payment of costs associated with the cancellation of the share premium account.

Cancellation of the share premium account

The Board has decided to seek shareholders' authority to cancel the whole of the share premium account which currently stands at £14,437,830. To allow for any potential adjustments in the share premium account between now and the Court Hearing, the relevant resolution will allow for the cancellation of the share premium account as it stands at the time of the Court Hearing.

If the special resolution is approved by shareholders, the Company will, as soon as practicable, apply to the Court for an appropriate Court order. It is expected that the Court order confirming the cancellation of the share premium account will be made in September 2009. The cancellation will become effective on the Registrar of Companies registering the order confirming the cancellation of the share premium account ("the Effective Date"), which is expected to be shortly thereafter. Subject to the protection of creditors, as detailed below, it is proposed that the reserve arising on the cancellation of the share premium account becoming effective will be a fully distributable special reserve that can be used for the payment of dividends, for the purchase and cancellation of shares, for the purchase of treasury shares, for the offset of capital losses and for any other distributable purposes, including the payment of costs associated with this cancellation.

The Court will be concerned to ensure that the interests of creditors of the Company as at the Effective Date are not prejudiced. The Company will obtain the consent of all of its creditors at the Effective Date to the cancellation of its share premium account, including that of Albion Ventures LLP, the Company's investment manager. The Court is likely to require that the Company undertakes to treat the reserve arising on the cancellation as non-distributable until any such creditors who have not consented to the cancellation have been paid or any liability to them has been otherwise discharged.

Action to be taken by shareholders

The proposed cancellation of the share premium account is subject to shareholder approval. A notice convening a General Meeting of the Company to pass the special resolution to approve the cancellation of the share premium account, which is to be held at 11.30 a.m. on 1 September 2009 at the offices of Albion Ventures LLP, 1 King's Arms Yard, London EC2R 7AF, is set out at the end of this document. The special resolution requires a three-quarters majority of those shareholders voting in order to be passed.

Whether or not you intend to be present at the General Meeting, **shareholders are requested to complete and return the accompanying Form of Proxy** in accordance with the instructions printed thereon, so as to be received by Capita Registrars (Proxy Department) as soon as possible and in any event no later than 48 hours before the General Meeting. The completion and return of the Form of Proxy will not preclude you from attending the meeting and voting in person should you so wish.

Recommendation

Your Board believes that the cancellation of the share premium account is in the best interest of the shareholders as a whole and accordingly recommends shareholders to vote in favour of the special resolution to be proposed at the General Meeting, as they intend to do in respect of their own beneficial shareholdings amounting in aggregate to 153,431 ordinary shares.

Yours faithfully

Patrick Crosthwaite
Chairman
