Investment objectives

The aim of Albion Enterprise VCT (the “Company”) is to provide investors with a regular and predictable source of income, combined with the prospect of longer term capital growth. Once fully invested, the Company intends to achieve this by investing up to 50 per cent. of the net funds raised in an asset-based portfolio of lower risk, ungeared businesses, principally operating in the leisure sector and related areas (the “Asset-Based Portfolio”). The balance of the net funds raised, other than funds retained for liquidity purposes, will be invested in a portfolio of higher growth businesses across a variety of sectors of the UK economy. These will range from lower risk, income producing businesses to higher risk technology companies (the “Growth Portfolio”). Funds awaiting investment in Qualifying Investments or retained for liquidity purposes will be held in gilts, on deposit or invested in floating rate notes or similar instruments, in the latter two cases with banks with a Moody’s credit rating of ‘A’ or above.

The Company’s investment portfolio will thus be structured to provide a balance between income and capital growth for the longer term. The Asset-Based Portfolio is designed to provide stability and income whilst still maintaining the potential for capital growth. The Growth Portfolio is intended to provide highly diversified exposure through its portfolio of investments in unquoted UK companies.

In addition to the above dividends, the Company will pay a first dividend of 1.5 pence per share on 7 August 2010 to shareholders on the register as at 9 July 2010.

Notes

- The dividend of 0.7 pence per share paid during the period ended 31 March 2008 and first dividend of 0.4 pence per share paid during the year ended 31 March 2009 were paid to shareholders who subscribed in the 2006/2007 offer only.
- All dividends paid by the Company are free of income tax. It is an H.M. Revenue & Customs requirement that dividend vouchers indicate the tax element should dividends have been subject to income tax. Investors should ignore this figure on their dividend voucher and need not disclose any income they receive from a VCT on their tax return.
- The net asset value of the Company is not its share price as quoted on the official list of the London Stock Exchange. The share price of the Company can be found in the Investment Companies – VCTs section of the Financial Times on a daily basis.
- Investors are reminded that it is common for shares in VCTs to trade at a discount to their net asset value.

Chairman's statement

Introduction

The Company's results for the year to 31 March 2010 show a positive total return of 1.4 pence per share against a negative return of 3.8 pence per share for the year to 31 March 2009. This is an encouraging result in light of the fact that the UK economy was in recession for much of the period.

Portfolio progress

A total of £5.7 million was invested in the year of which £4.0 million was in new portfolio companies or projects. This takes the proportion of qualifying investments for those funds raised in the 2006/07 tax year to over 70 per cent., while the Company as a whole, including those funds raised in the 2007/08 tax year, is on schedule to exceed the 70 per cent. threshold by the due date of 31 March 2011. New investments included £2.8 million in Geronimo Inns which has purchased four freehold pubs in prominent locations in central London. In addition, £664,000 was invested in Orchard Portman Hospital, which together with Taunton Nursing Home, is developing a psychiatric care unit in the West Country.

The existing portfolio continues to develop. In the high-growth portfolio, Mi-Pay, Mirada Medical and Opta Sports Data all saw strongly improved operational performance during the period. Against this, partial provisions were made against Dexela and Oxsensis, where progress in bringing products to the market was slower than has been hoped for, and against Vibrant Energy (now renamed Green Energy Property Services Group).

Investment income for the year was 41 per cent. below the previous year, largely because of the high level of cash holdings within the VCT, and the resultant effect of the sharp reduction in market interest rates. As the investment portfolio builds up, however, we would expect the level of investment income to start to increase again.

Risks and uncertainties

While the recession in the UK appears to be over for the time being, we remain cautious over the longer term outlook for the UK economy in the light of high

personal, corporate and national debt levels, and this continues to be the key risk affecting the Company. Nevertheless, despite pressures on certain of our portfolio companies, the portfolio as a whole remains cash generative and it remains our policy for portfolio companies to have no external bank borrowings.

A detailed analysis of the other risks and uncertainties facing the business is shown in the Directors' report and enhanced business review within this Annual Report and Financial Statements.

Discount management and share buy-backs

It remains the Board's policy to buy back shares in the market, subject to the overall constraint that such purchases are in the VCT's interest, including the maintenance of sufficient resources for investment in new and existing portfolio companies and the continued payment of dividends to shareholders. It is the Board's intention for such buy-backs to be in the region of a 10 to 15 per cent. discount to net asset value, so far as market conditions and liquidity permit.

Results and dividends

As at 31 March 2010, the net asset value of the Ordinary share was 88.25 pence per share compared to 88.82 pence at 31 March 2009. The revenue return after taxation was £305,000 compared to £640,000 for the previous year. The Company will pay a first dividend for the financial year to 31 March 2011 of 1.5 pence per Ordinary share. The dividend will be paid on 7 August 2010 to shareholders on the register as at 9 July 2010. In accordance with the offer for subscription document, it is the Board's intention that, once fully invested, the Company will generate dividends of at least 3 pence per share per annum. However, this should not be regarded as a forecast.

Supporting enterprise and growth

Recent research undertaken by the Association of Investment Companies has demonstrated that VCT investment provides substantial benefits for UK small businesses and the economy in at least three ways: first, by creating jobs; second, by providing additional management skill to support growing businesses; and finally, by being cost-effective, in that the cost to the

Chairman's statement continued

public purse is more than offset by the increased tax returns generated by growing VCT-backed companies. In common with other VCTs, we would recommend the new Government to continue to encourage VCTs as one of the best ways to support enterprise and future economic growth.

Outlook and prospects

As mentioned above, a number of portfolio companies, particularly in the high-growth portfolio, are beginning to show a degree of traction in the international markets within which they operate, indicating their longer term potential for value creation. Meanwhile, though some of the asset-based investments have been written down in line with the property markets, almost all units remain profitable at the operating level. The VCT's strong level of cash will enable it to take advantage of the opportunities at attractive valuations that are now being seen in the market.

Portfolio review

The sector analysis of Albion Enterprise VCT's investment portfolio as at 31 March 2010 is shown below. Asset-based investments account for 58 per cent. of the portfolio of unquoted investments and high growth investments account for 42 per cent. It is anticipated that the health care segment, which currently accounts for 36 per cent. of unquoted investments will increase further, as will the environmental segment. Both these sectors have capacity for asset-backed as well as growth investments.

Split of portfolio valuation by sector as at 31 March 2010

Source: Albion Ventures LLP

New investments

During the year some £4.0 million was invested in new investments and £1.7 million in existing portfolio companies. We are reviewing a growing number of investment opportunities, particularly in the healthcare and environmental sectors. In the former area, we anticipate further activity in the psychiatric sector and in addition, subsequent to the year end, we have invested £980,000 in Masters Pharmaceuticals, a global distributor of special pharmaceuticals. In the environmental sector, we are reviewing a number of opportunities within the bio-fuel and waste-to-energy sectors.

Investment activity

Certain of the investments in the high growth portfolio have been performing particularly strongly. Amongst these is Opta Sports Data, one of Europe's leading compilers of sports performance data, where growth in Europe has been robust over the period. In addition, Mirada Medical, a medical imaging business that was bought from Siemens in 2008, has shown excellent growth in the US, accompanied by a move into profit. Other companies in the portfolio continue to show encouraging growth in sales, including Mi-Pay, Forth Photonics and Point 35 Microstructures. Against this, progress with customers at Oxsensis, which has developed a sensor capable of measuring heat at exceptionally high levels for the aerospace and power sectors, and at Dexela, which develops and sells imaging systems for medical applications, have been slower than we would have liked. In addition, a further write down was needed against Vibrant Energy which merged with a competitor during the year and was renamed Green Energy Property Services Group.

Our asset-based investments are generally performing well, despite the fact that those investments made in 2007 have seen write downs in line with the market. A particularly strong performance was seen from the two new investments in Geronimo Inns.

The Company retains high cash levels which we believe will continue to enable it to take advantage of interesting opportunities at attractive valuations.

Directors' report and enhanced business review

The Directors submit their Annual Report and the audited Financial Statements on the affairs of Albion Enterprise VCT PLC (the "Company") for the year ended 31 March 2010.

BUSINESS REVIEW

Principal activity and status

The principal activity of the Company is that of a venture capital trust. It has received provisional approval by H.M. Revenue & Customs ("HMRC") as a venture capital trust in accordance with Part 6 of the Income Tax Act 2007 and in the opinion of the Directors, the Company has conducted its affairs so as to enable it to continue to obtain such approval. Approval for the year ended 31 March 2010 is subject to review should there be any subsequent enquiry under corporation tax self assessment.

The Company is not a close company for taxation purposes and its shares are listed on the London Stock Exchange.

The Company is no longer an investment company as defined in Section 833 of the Companies Act 2006. The Company revoked its investment status on 23 June 2010. Under current tax legislation, shares in the Company provide tax-free capital growth and income distribution, in addition to the tax reliefs some investors would have obtained when they invested in fundraisings.

Capital structure

Details of the authorised and issued share capital, together with details of the movements in the Company's issued share capital during the year are shown in note 15.

The Company's share capital comprises Ordinary shares. The Ordinary shares are designed for individuals who are professionally advised private investors seeking, over the long term, investment exposure to a diversified portfolio of unquoted investments. The investments are spread over a number of sectors, to produce a regular and predictable source of income, combined with the prospect of longer term capital growth.

Ordinary shares represent 100 per cent. of the total share capital and voting rights. All Ordinary shares rank *pari passu* for dividends and voting rights. Each Ordinary share is entitled to one vote. The Directors are not aware of any restrictions on the transfer of shares or on voting rights.

The Company currently operates a Dividend Reinvestment Scheme, details of which can be found on www.albion-ventures.co.uk under the 'Our Funds' section. During the year, the Company issued 16,607 Ordinary shares under the Dividend Reinvestment Scheme, details of which can be found in note 15.

Substantial interests and shareholder profile

As at 31 March 2010 and the date of this report, the Company is aware that UBS Private Banking Nominees Limited has a beneficial interest of 3.51 per cent. of the issued Ordinary share capital of the Company.

The Company has 1,491 shareholders and the shareholder profile of the fund as at 29 June 2010 is as follows:

Number of shares held	% number of shareholders	% share capital
1-10,000	45.89	14.55
10,001-50,000	45.75	46.38
50,001-100,000	6.22	19.71
100,001-500,000	2.07	15.85
500,001-5,000,000	0.07	3.51

Investment policy

The Company's investment strategy is to provide investors with a regular and predictable source of dividend income combined with the prospect of long term capital growth. The Company intends to achieve this by investing up to 50 per cent. of the net funds raised in an asset-based portfolio of lower risk, ungeared businesses, principally operating in the leisure sector and related areas (the "Asset-Based Portfolio"). The balance of the net funds raised, other than funds retained for liquidity purposes, will be invested in a portfolio of higher growth businesses across a variety of sectors of the UK economy. These will range from lower risk, income producing businesses to higher risk technology companies (the "Growth Portfolio"). In neither category would portfolio companies normally have any external borrowing with a charge ranking ahead of the VCT. Up to two thirds of qualifying investments by cost will comprise loan stock secured with a first charge on the portfolio company's assets. Funds awaiting investment in Qualifying Investments or retained for liquidity purposes will be invested in gilts, held on deposit or invested in floating rate notes, in the latter two cases with banks with a Moody's credit rating of 'A' or above.

The Company's investment portfolio will thus be structured to provide a balance between income and capital growth for the longer term. The Asset-Based Portfolio is designed to provide stability and income whilst still maintaining the potential for capital growth. The Growth Portfolio is intended to provide highly diversified exposure through its portfolio of investments in unquoted UK companies.

Funds held pending investment or for liquidity purposes will be held as cash on deposit or in floating rate notes or similar instruments with banks or other financial institutions with a Moody's rating of 'A' or above.

Directors' report and enhanced business review continued

Venture Capital Trust status

In addition to the investment policy described above, the HMRC rules drive the Company's investment allocation and risk diversification policies. In order to maintain status under Venture Capital Trust legislation, the following tests must be met:

- (1) The Company's income must be derived wholly or mainly from shares and securities;
- (2) At least 70 per cent. of the HMRC value of its investments must have been represented throughout the year by shares or securities that are classified as 'qualifying holdings' (following the initial three year investment period, which includes the year to 31 March 2010);
- (3) At least 30 per cent. by HMRC value of its total qualifying holdings must have been represented throughout the year by holdings of 'eligible shares';
- (4) At no time in the year must the Company's holdings in any one company (other than another VCT) have exceeded 15 per cent. by HMRC value of its investments;
- (5) The Company must not have retained greater than 15 per cent. of its income earned in the year from shares and securities;
- (6) Eligible shares must comprise at least 10 per cent. by value of the total of the shares and securities that the Company holds in any one portfolio company; and
- (7) The Company's shares, throughout the year must have been listed in the Official List of the London Stock Exchange.

These tests drive a spread of investment risk through disallowing holdings of more than 15 per cent. in one portfolio company. The tests have been carried out and independently reviewed for the year ended 31 March 2010. The Company has complied with all relevant tests and continues to do so. The Company has until 31 March 2011 to meet test (2) listed above in relation to the funds raised in 2007/08.

'Qualifying holdings', for Albion Enterprise VCT PLC include shares or securities (including loans with a five year or greater maturity period) in companies which operate a 'qualifying trade' wholly or mainly in the United Kingdom. 'Qualifying trade' excludes, amongst other sectors, dealing in property or shares and securities, insurance, banking, agriculture, and

operating or managing hotels or residential care homes. The Company may not control a portfolio company.

Portfolio company gross assets must not exceed £7 million immediately prior to the investment and £8 million immediately thereafter and there is an annual investment limit of £1 million in each company.

Gearing

As defined by the Articles of Association, the Company's maximum exposure in relation to gearing is restricted to 10 per cent. of the adjusted share capital and reserves. As at 31 March 2010, the Company's maximum exposure was £2,676,000 (2009: £2,693,000) and its actual short term and long term gearing at this date was £nil (2009: £nil). The Directors do not currently have any intention to utilise short term or long term gearing.

Current portfolio sector allocation

The pie chart on page 8 of the Manager's report shows the split of the portfolio valuation by industrial or commercial sector as at 31 March 2010. Details of the principal investments made by the Company are shown in the Portfolio of investments section on page 11.

Review of business and future changes

A detailed review of the Company's business during the year and future prospects is contained in the Chairman's statement on page 6 and Manager's report on page 8. Details of significant events which have occurred since the end of the financial year are listed in note 20 and the Manager's report. Details of related party transactions are shown in note 21.

The Directors do not foresee any major changes in the activity undertaken by the Company in the current year. The Company continues with its objective to invest in unquoted companies throughout the United Kingdom with a view to providing both capital growth and a reliable dividend income to shareholders over the long term.

Operational arrangements

The Company has delegated the investment management of the portfolio to Albion Ventures LLP, which is authorised and regulated by the Financial Services Authority. Albion Ventures LLP also provides company secretarial and other accounting and administrative support to the Company. Further details regarding the terms of engagement of the Manager are shown on page 19.

Net assets as at 31 March 2010	<u>26,758</u>
Net asset value per share as at 31 March 2010 (pence per share)	<u>88.25p</u>

The Company paid dividends of 2.0 pence per share (2009: 1.65 pence) during the year ended 31 March 2010.

As described in the Chairman's statement, the Board has declared a dividend of 1.5 pence per share payable on 7 August 2010 to shareholders on the register as at 9 July 2010.

As shown in the Company's Income statement on page 29 of the Financial Statements, the investment income has decreased to £733,000 (2009: £1,248,000), principally due to lower LIBOR and base rates during the year. As a result, revenue return to equity holders has fallen to £305,000 (2009: £640,000).

Capital return for the year was a return of £131,000, (2009: loss of £1,795,000), mainly attributable to the increase in unrealised revaluations in the Company's investment portfolio and to realised profits on current asset investments held for liquidity purposes.

The total return per share was a return of 1.44 pence per share (2009: loss 3.82 pence per share).

The Balance sheet on page 30 of the Financial Statements shows that the net asset value per share has reduced slightly compared to last year, at 88.25 pence per share (2009: 88.82 pence per share) as the revenue and capital returns have been slightly less than the dividends paid during the year.

Cash flow for the business has been positive for the year, largely reflecting the disposal of current asset investments, which has been partially offset by new investment activity.

Share buy-backs

The Company operates a policy of buying back shares either for cancellation or for holding in treasury. Details regarding the current discount policy can be found on page 6 of the Chairman's statement.

Key Performance Indicators

The Directors believe that the following Key Performance Indicators are the most important for the business.

The graph on page 4 shows Albion Enterprise VCT PLC's net asset value return against the FTSE All-Share Index return, in both instances with dividends reinvested. Details on the performance of the net asset value and return per share for the year are shown above.

The total expense ratio for the year to 31 March 2010 was 3.18 per cent. (2009: 3.30 per cent.).

The Company continues to comply with HMRC rules in order to maintain its status under Venture Capital Trust legislation as highlighted on page 16.

Principal risks and uncertainties

In addition to the current economic risks outlined in the Chairman's statement, the Board considers that the Company faces the following major risks and uncertainties:

1. *Investment risk*

This is the risk of investment in poor quality assets which reduces the capital and income returns to shareholders, and negatively impacts on the Company's reputation. By nature, smaller unquoted businesses, such as those that qualify for venture capital trust purposes, are more fragile than larger, long established businesses.

To reduce this risk, the Board places reliance upon the skills and expertise of the Manager and their strong track record for investing in this segment of the market. In addition, the Manager operates a formal and structured investment process, which includes an Investment Committee, comprising investment professionals from the Manager and at least one external investment professional. The Manager also invites comments from all non-executive Directors on investments discussed at the Investment Committee meetings. Investments are actively and regularly monitored by the Manager (investment managers normally sit on portfolio company boards) and the Board receives detailed reports on each investment as part of the Manager's report at quarterly board meetings.

Directors' report and enhanced business review continued

2. *Venture Capital Trust approval risk*

The Company's current approval as a venture capital trust allows investors to take advantage of tax reliefs on initial investment and ongoing tax free capital gains and dividend income. Failure to meet the qualifying requirements could result in investors losing the tax relief on initial investment and loss of tax relief on any tax free income or capital gains received. In addition, failure to meet the qualifying requirements could result in a loss of listing of the shares.

To reduce this risk, the Board has appointed the Manager, who has a team with significant experience in venture capital trust management, and is used to operating within the requirements of the venture capital trust legislation. In addition, to provide further formal reassurance, the Board has appointed PricewaterhouseCoopers LLP as its taxation advisers. PricewaterhouseCoopers LLP report quarterly to the Board to independently confirm compliance with the venture capital trust legislation, to highlight areas of risk and to inform on changes in legislation.

3. *Compliance risk*

The Company is listed on The London Stock Exchange and is required to comply with the rules of the UK Listing Authority, as well as with the Companies Act, Accounting Standards and other legislation. Failure to comply with these regulations could result in a delisting of the Company's shares, or other penalties under the Companies Act or from financial reporting oversight bodies.

Board members and the Manager have experience of operating at senior levels within quoted businesses. In addition, the Board and the Manager receive regular updates on new regulation from the auditors, lawyers and other professional bodies.

4. *Internal control risk*

Failures in key controls, within the Board or within the Manager's business, could put assets of the Company at risk or result in reduced or inaccurate information being passed to the Board or to shareholders.

The Audit Committee meets with the Manager's internal auditors, Littlejohn LLP, at least once a year, receiving a report regarding the last formal internal audit performed on the Manager, and providing the opportunity for the Audit Committee to ask specific and detailed questions. During the year the Audit Committee met with the partner of Littlejohn LLP responsible for the internal audit of Albion Ventures LLP

to discuss the most recent Internal Audit Report completed on the Manager. The Manager has a comprehensive business continuity plan in place in the event that operational continuity is threatened. Further details regarding the Board's management and review of the Company's internal controls through the implementation of the Turnbull guidance are detailed on page 25.

Measures are in place to mitigate information risk in order to ensure the integrity, availability and confidentiality of information used within the business.

5. *Reliance upon third parties risk*

The Company is reliant upon the services of Albion Ventures LLP for the provision of investment management and administrative functions. There are provisions within the management agreement for the change of Manager under certain circumstances (for more detail, see the management agreement paragraph on page 19). In addition, the Manager has demonstrated to the Board that there is no undue reliance placed upon any one individual within Albion Ventures LLP.

6. *Financial risks*

By its nature, as a venture capital trust, the Company is exposed to investment risk (which comprises investment price risk and cash flow interest rate risk), credit risk and liquidity risk. The Company's policies for managing these risks and its financial instruments are outlined in full in note 19 to the Financial Statements.

All of the Company's income and expenditure is denominated in sterling and hence the Company has no foreign currency risk. The Company is financed through equity and does not have any borrowings. The Company does not use derivative financial instruments.

Environment

The management and administration of Albion Enterprise VCT PLC is undertaken by the Manager. Albion Ventures LLP recognises the importance of its environmental responsibilities, monitors its impact on the environment, and designs and implements policies to reduce any damage that might be caused by its activities. Initiatives designed to minimise the Company's impact on the environment include recycling and reducing energy consumption as will be shown in the Financial Statements of Albion Ventures LLP.

Employees

The Company is managed by Albion Ventures LLP and hence has no employees other than its Directors.

Directors' report and enhanced business review continued

Directors

The Directors who held office throughout the year, and their interests in the shares of the Company (together with those of their immediate family) are shown below:

	Shares held as at 31 March 2010	Shares held as at 31 March 2009
Maxwell Packe	102,100	102,100
Lady Balfour of Burleigh	10,350	10,350
Lord St. John of Bletso	20,700	20,700
Patrick Reeve	41,551	41,551

There have been no changes in the holdings of the Directors between 31 March 2010 and the date of this report.

All Directors, except for Patrick Reeve, who is the Managing Partner of the Manager, are members of the Audit Committee, of which Lord St. John of Bletso is Chairman.

Patrick Reeve, as Managing Partner of Albion Ventures LLP, is deemed to have an interest in the management agreement and management performance incentive to which the Company is party.

Further details regarding Directors' remuneration are shown on page 27.

Directors' indemnity

Each Director has entered into a Deed of Indemnity with the Company which indemnifies each Director, subject to the provisions of the Companies Act 2006 and the limitations set out in each deed, against any liability arising out of any claim made against him in relation to the performance of his duties as a Director of the Company. A copy of each Deed of Indemnity entered into by the Company for each Director is available at the Registered Office of the Company.

Re-election of Directors

Directors' retirement and re-election is subject to the Articles of Association and the Combined Code on Corporate Governance. At the forthcoming Annual General Meeting, Maxwell Packe and Patrick Reeve will retire and offer themselves for re-election.

Management agreement

The management agreement (which includes the provision of secretarial and administrative services) can be terminated by either party on 12 months' notice and is also subject to earlier termination in the event of certain breaches or on the insolvency of either party. The Manager is paid an annual fee equal to 2.5 per cent. of the net asset value of the Company.

The fee is payable quarterly in arrears. Under the terms of the management agreement, total annual expenses, including the management fee, are limited to 3.5 per cent. of the net asset value.

In line with common practice, the Manager is also entitled to an arrangement fee, payable by each portfolio company, of approximately 2 per cent. on each investment made.

Management performance incentive

In order to provide the Manager with an incentive to maximise the return to investors, the Company has entered into a management performance incentive arrangement with the Manager. Under the incentive arrangement, the Company will pay an incentive fee to the Manager of an amount equal to 20 per cent. of the excess return that will be calculated for each financial year.

The minimum target level, comprising dividends and net asset value, will be equivalent to an annualised rate of return of the average base rate of the Royal Bank of Scotland plc plus 2 per cent. per annum on the original subscription price of £1. Any shortfall of the target return will be carried forward into subsequent periods and the incentive fee will only be paid once all previous and current target returns have been met.

Evaluation of the Manager

The Board has evaluated the performance of the Manager based on the returns generated by the Company, progress on reaching the 70 per cent. investment requirement for Venture Capital Trust status, the long term prospects of investments, a review of the management agreement and the services provided therein, and benchmarking the performance and remuneration of the Manager to other service providers. The Board believes that it is in the interests of shareholders as a whole, and of the Company, to continue the appointment of the Manager for the forthcoming year.

Valuation of investments

As described in note 2 of the Financial Statements, the unquoted equity investments held by the Company are valued at fair value through profit or loss in accordance with the International Private Equity and Venture Capital Valuation Guidelines. These guidelines set out recommendations, intended to represent current best practice on the valuation of venture capital investments. Unquoted investments are valued on the basis of forward looking estimates and judgements about the business itself, its market and the environment in which it operates, together with the state of the mergers and acquisitions market, stock market conditions and other factors. In making these judgements the valuation takes into account all known material facts up

Directors' report and enhanced business review continued

to the date of approval of the Financial Statements by the Board. Unquoted loan stock is valued at amortised cost.

Investment and co-investment

The Company co-invests with other venture capital trusts and funds managed and advised by Albion Ventures LLP. Allocation of investments is on the basis of an allocation agreement which is based, *inter alia*, on the ratio of funds available for investment.

Auditors

A resolution to re-appoint PKF (UK) LLP as auditors will be proposed at the Annual General Meeting on 26 July 2010.

Supplier payment policy

The Company's policy is to pay all supplier invoices within 30 days of the invoice date, or as otherwise agreed. The creditor days as at 31 March 2010 were nil (2009: 11 days). There were no trade creditors at 31 March 2010 (2009: nil).

Annual General Meeting

The Annual General Meeting will be held at The City of London Club, 19 Old Broad Street, London, EC2N 1DS at 12 noon on 26 July 2010. The notice of the Annual General Meeting is at the end of this document.

The proxy form enclosed with this Annual Report and Financial Statements permits shareholders to disclose votes 'for', 'against', and 'withheld'. A 'vote withheld' is not a vote in law and will not be counted in the proportion of the votes for and against the resolution.

Summary of proxies lodged at the Annual General Meeting will be published at www.albion-ventures.co.uk within the 'Our Funds' section by clicking on Albion Enterprise VCT PLC.

Resolutions relating to the following items of special business will be proposed at the forthcoming Annual General Meeting for which shareholder approval is required in order to comply either with the Companies Act or the Listing Rules of the Financial Services Authority.

Power to allot shares

Ordinary resolution number 7 will request the authority for the Directors to allot up to an aggregate nominal amount of £1,518,874 representing approximately 10 per cent. of the issued Ordinary share capital of the Company as at 29 June 2010.

The Directors do not currently have any intention to allot shares, with the exception of the Dividend Reinvestment

Scheme and reissuing treasury shares where it is in the Company's interest to do so.

The Company currently holds 54,967 Ordinary treasury shares representing 0.2 per cent. of the total Ordinary share capital in issue as at the date of this Report.

This resolution replaces the authority given to the Directors at the Annual General Meeting in 2009. The authority sought at the forthcoming Annual General Meeting will expire 18 months from the date this resolution is passed or at the conclusion of the next Annual General Meeting of the Company, whichever is earlier.

Dis-application of pre-emption rights

Special resolution number 8 will request authority for the Directors to allot equity securities for cash without first being required to offer such securities to existing members. This will include the sale on a non pre-emptive basis of any shares the Company holds in treasury for cash. The authority relates to up to £1,518,874 of nominal capital representing 10 per cent. of the issued Ordinary share capital of the Company as at 29 June 2010.

The authority sought at the forthcoming Annual General Meeting will expire 18 months from the date this resolution is passed or at the conclusion of the next Annual General Meeting of the Company, whichever is earlier. Members will note that this resolution also applies to treasury shares.

Purchase of own shares

Special resolution number 9 will request authority for the Company to purchase approximately 14.99 per cent. of the Company's issued Ordinary share capital at, or between, the minimum and maximum prices specified in resolution 9. Shares bought back under this authority may be cancelled and up to 10 per cent. can be held in treasury.

The Board believes that it is helpful for the Company to continue to have the flexibility to buy its own shares and this resolution seeks authority from shareholders to do so.

This resolution would renew the 2009 authority, which was in similar terms. The authority sought at the Annual General Meeting will expire eighteen months from the date this resolution is passed or at the conclusion of the next Annual General Meeting of the Company, whichever is earlier. Members will note that this resolution also applies to treasury shares.

During the year, the Company purchased 11,667 Ordinary shares for treasury at an aggregate consideration of £8,000 including stamp duty representing 0.04 per cent. of the

Directors' report and enhanced business review continued

issued share capital. The Company did not purchase any shares for cancellation during the period.

Treasury shares

Under the Companies (Acquisition of Own Shares) (Treasury Shares) Regulations 2003 (the 'Regulations'), shares purchased by the Company out of distributable profits can be held as treasury shares, which may then be cancelled or sold for cash. The authority sought by this special resolution number 9 is intended to apply equally to shares to be held by the Company as treasury shares in accordance with the Regulations. These powers are intended to permit Directors to sell treasury shares at a price not less than that at which they were purchased.

Recommendation

Your Board believes that the passing of the resolutions proposed at the Annual General Meeting are in the best interests of the Company and its shareholders as a whole, and unanimously recommends that you vote in favour of all the proposed resolutions, as the Directors intend to do in respect of their own beneficial shareholdings of 174,701 shares.

Statement of Directors' responsibilities

The Directors are responsible for preparing the Directors' report and enhanced business review, the Directors' remuneration report and the Financial Statements in accordance with applicable law and regulations. They are also responsible for ensuring that the Annual Report includes information required by the Listing and Disclosure and Transparency Rules of the Financial Services Authority.

Company law and the Disclosure and Transparency Rules require the Directors to prepare such Financial Statements for each financial year. Under that law, the Directors have elected to prepare the Financial Statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under Company law the Directors must not approve the Financial Statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the Income statement of the Company for the year.

In preparing these Financial Statements the Directors (who are listed on page 2) are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;

- state whether all applicable accounting standards have been followed, subject to any material departures disclosed and explained in the Financial Statements; and
- prepare the Financial Statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the Financial Statements comply with the Companies Act 2006. They are also responsible for the system of internal control, for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Directors are responsible for the maintenance and integrity of the corporate and financial information included on the Company's website. Legislation in the United Kingdom governing the preparation and dissemination of the Financial Statements and other information included in annual reports may differ from legislation in other jurisdictions.

The Directors confirm, to the best of their knowledge that:

- the Financial Statements, prepared in accordance with UK GAAP, give a true and fair view of the assets, liabilities, financial position and profit of the Company; and
- the management report included within the Chairman's statement, Manager's report and Directors' report and enhanced business review include a fair review of the development and performance of the business and the position of the Company, together with a description of the risks and uncertainties it faces.

Disclosure of information to auditors

In the case of the persons who are Directors of the Company at the date of approval of this report:

- so far as each of the Directors are aware, there is no relevant audit information of which the Company's auditors are unaware; and
- each of the Directors has taken all the steps that he/she ought to have taken as a Director to make himself/herself aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

Directors' report and enhanced business review continued

This disclosure is given and should be interpreted in accordance with the provisions of s418 of the Companies Act 2006.

Statement of corporate governance

Background

The Financial Services Authority requires all listed companies to disclose how they have applied the principles and complied with the provisions of the Combined Code issued by the Financial Reporting Council (“FRC”) in July 2003 (“the Code”) and updated in June 2006 and June 2008.

The Board of Albion Enterprise VCT PLC has also considered the principles and recommendations of the AIC Code of Corporate Governance (“AIC Code”) by reference to the AIC Corporate Governance Guide for Investment Companies (“AIC Guide”). The AIC Code, as explained by the AIC Guide, addresses all the principles set out in Section 1 of the Combined Code, as well as setting out additional principles and recommendations on issues that are of specific relevance to Albion Enterprise VCT PLC.

The Board considers that reporting against the principles and recommendations of the AIC Code, and by reference to the AIC Guide (which incorporates the Combined Code), will provide better information to shareholders than reporting under the Code alone.

The Company has complied with the recommendations of the AIC Code and the relevant provisions of Section 1 of the Combined Code, except as set out below.

Application of the Principles of the Code

The Board attaches importance to matters set out in the Code and applies its principles. However, as a venture capital trust company, most of the Company’s day-to-day responsibilities are delegated to third parties and the Directors are all non-executive. Thus, not all the provisions of the Code are directly applicable to the Company.

Board of Directors

The Board consists solely of non-executive directors. Since all Directors are non-executive and day-to-day management responsibilities are sub-contracted to the Manager, the Company does not have a Chief Executive Officer.

Maxwell Packe is the Chairman. Maxwell Packe, Lord St. John of Bletso and Lady Balfour of Burleigh are considered independent directors. The Board has appointed Lord St. John of Bletso as the Senior Independent Director. Patrick Reeve is not considered an independent director as he is the Managing Partner of Albion Ventures LLP, the Manager.

The Directors have a range of business and financial skills which are relevant to the Company; these are described in the Board of Directors section of this Report, on page 9. Directors are provided with key information on the Company’s activities, including regulatory and statutory

requirements, and internal controls, by the Manager. The Board has direct access to secretarial advice and compliance services by the Manager, who is responsible for ensuring that Board procedures are followed and applicable procedures complied with. All Directors are able to take independent professional advice in furtherance of their duties if necessary. In accordance with the Combined Code, the Company has in place Directors’ & Officers’ Liability Insurance.

The Board met four times during the year as part of its regular programme of Board meetings. All of the Directors attended each meeting. A sub-committee of the Board comprising Maxwell Packe and Patrick Reeve met once during the year to allot shares issued under the Dividend Reinvestment Scheme.

The Chairman ensures that all Directors receive in a timely manner all relevant management, regulatory and financial information. The Board receives and considers reports regularly from the Manager and other key advisers and ad hoc reports and information are supplied to the Board as required. The Board has a formal schedule of matters reserved for it and the agreement between the Company and its Manager sets out the matters over which the Manager has authority and limits beyond which Board approval must be sought.

The Manager has authority over the management of the investment portfolio, the organisation of custodial services, accounting, secretarial and administrative services. The main issues reserved for the Board include:

- the consideration and approval of future developments or changes to the investment policy, including risk and asset allocation;
- consideration of corporate strategy;
- application of the principles of the Combined Code, corporate governance and internal control;
- review of sub-committee recommendations, including the recommendation to shareholders for the appointment and remuneration of auditors;
- approval of the appropriate dividend to be paid to shareholders;
- the appointment, evaluation, removal and remuneration of the Manager;
- the performance of the Company, including monitoring of the discount of the net asset value and the share price;
- share buy-back and treasury policy; and
- monitoring shareholder profile and considering shareholder communications.

Statement of corporate governance continued

Committees' and Directors' performance evaluation

Performance of the Board and the Directors is assessed on the following:

- attendance at Board and Committee meetings;
- the contribution made by individual Directors at, and outside of, Board and Committee meetings; and
- completion of a detailed internal assessment process and annual performance evaluation conducted by the Chairman.

The Board believes that it has the right balance of independence, skills, experience and knowledge for the effective governance of the Company. The Board considers any skills gaps in existence and takes action to remedy this where necessary.

Directors are offered training, both at the time of joining the Board and on other occasions where required. The Board also undertakes a proper and thorough evaluation of its committees on an annual basis.

Maxwell Packe and Patrick Reeve will be proposed for re-election at the Annual General Meeting. As a result of the performance evaluation process, they are considered to be effective and demonstrate strong commitment to the role; on this basis, the Board believes it to be in the best interest of the Company to reappoint these Directors at the forthcoming Annual General Meeting.

Remuneration committee

Since the Company has no executive directors, the detailed Directors' Remuneration disclosure requirements set out in Listing Rules 12.43A (a), 12.43A (b) and 12.43A (c) as they relate to Combined Code Provisions B.1 to B.2, B1.1 to B1.6, and B2.1 to B2.4 are not relevant.

Audit Committee

The Audit Committee consists of all Directors excluding Patrick Reeve. Lord St. John of Bletso is Chairman of the Audit Committee. In accordance with the Code, the members of the Audit Committee have recent and relevant financial experience. The Committee met twice during the year ended 31 March 2010; all members attended.

Written terms of reference have been constituted for the Audit Committee, these are as follows:

- providing an overview of the Company's accounting policies and financial reporting;
- considering and reviewing the effectiveness of the Company's internal controls and risk management systems;

- monitoring the integrity of the Financial Statements of the Company and any formal announcements relating to the Company's financial performance, reviewing significant financial reporting judgements contained in them;
- meeting the Company's external Auditors annually, approving their appointment, reappointment, remuneration, terms of engagement, providing an ongoing review of Auditor independence and objectivity and reviewing the effectiveness of the audit process;
- developing and implementing a policy for the supply of non-audit services by the external Auditors;
- meeting external Auditors at least once a year without the presence of the Manager;
- meeting with the internal auditors of the Manager when appropriate;
- ensuring that all Directors of the Company, and staff of the Manager feel able to raise issues of serious concern with the Chairman of the Audit Committee, and that these issues, where raised, are subject to proportionate and independent investigation, and appropriate action;
- reporting to the Board, identifying any matters in respect of which action or improvement is needed and recommending appropriate steps to be taken; and
- undertaking the duties of the Engagement Committee, and therefore reviewing the performance of the Manager and all matters arising under the management agreement.

During, and following the year under review, the Committee discharged the responsibilities described above. Its activities included:

- formally reviewing the final Annual Report and Financial Statements, the Half-yearly Report, the Interim Management Statements and the associated announcements, with particular focus on the main areas requiring judgement and on critical accounting policies;
- reviewing the effectiveness of the internal controls system and examination of the Internal Controls Report produced by the Manager;
- meeting with the partner in charge of Albion Ventures' internal audit at Littlejohn LLP;
- meeting with the external Auditors and reviewing their findings; and
- reviewing the performance of the Manager and making recommendations regarding their reappointment to the Board.

Statement of corporate governance continued

Nomination Committee

The Nomination Committee consists of all Directors, apart from Patrick Reeve, with Maxwell Packe as Chairman. The terms of reference of the Nomination Committee are to evaluate the balance of skills, experience and time commitment of the current Board members and make recommendations to the Board as and when a particular appointment arises. The Nomination Committee did not meet during the year and will meet when it is appropriate to do so.

It is the policy of the Company that all of the Directors are nominated for re-election every three years. The next re-election is at the Annual General Meeting on 26 July 2010. The terms and conditions of Directors' appointment are available for inspection at the Annual General Meeting.

Internal Control

In accordance with principle C.2 of the Combined Code, the Board has an established process for identifying, evaluating and managing the significant risks faced by the Company. This process has been in place throughout the year and continues to be subject to regular review by the Board in accordance with the Internal Control Guidance for Directors in the Combined Code published in September 1999 and updated in 2005 (the "Turnbull guidance"). The Board is responsible for the Company's system of internal control and for reviewing its effectiveness. However, such a system is designed to manage, rather than eliminate the risks of failure to achieve the Company's business objectives and can only provide reasonable and not absolute assurance against material misstatement or loss.

The Board's monitoring covers all controls, including financial, operational and compliance controls, and risk management. The Board receives each year from the Manager a formal report, which details the steps taken to monitor the areas of risk, including those that are not directly the responsibility of the Manager, and which reports the details of any known internal control failures. Steps are, and continue to be taken to embed the system of internal control and risk management into the operations and culture of the Company and its key suppliers, and to deal with areas of improvement which come to the Manager's and the Board's attention.

The Board has performed a specific assessment for the purpose of this Annual Report. This assessment considers all significant aspects of internal control arising during the year. The Audit Committee assists the Board in discharging its review responsibilities.

The main features of the internal control system with respect to financial reporting, implemented throughout the year are:

- segregation of duties between the preparation of valuations and recording into accounting records;
- independent valuations of the asset-backed investments within the portfolio are undertaken annually;
- reviews of valuations are carried out by the Managing Partner and reviews of financial reports are carried out by the Operations Partner of Albion Ventures LLP;
- bank and stock reconciliations are carried out monthly by the Manager in accordance with the FSA requirements;
- all published financial reports are reviewed by Albion Ventures LLP Compliance department;
- the Board reviews financial information; and
- a separate Audit Committee of the Board reviews published financial information.

During the year, as the Board has delegated the investment management and administration to Albion Ventures LLP, the Board feels that it is not necessary to have its own internal audit function. Instead, the Board has access to Littlejohn LLP, which, as internal auditor for Albion Ventures LLP undertakes periodic examination of the business processes and controls environment at Albion Ventures LLP, and ensures that any recommendations to implement improvements in controls are carried out. Littlejohn LLP reports formally to the Board of Albion Enterprise VCT PLC on an annual basis. The Board will continue to monitor its system of internal control in order to provide assurance that it operates as intended.

Going concern

In accordance with 'Going Concern and Liquidity Risk: Guidance for Directors of UK Companies 2009' issued by the Financial Reporting Council, the Board has assessed the Company's operation as a going concern. The Company has significant cash and liquid resources. The portfolio of investments is well diversified in terms of sector, and the major cash outflows of the Company (namely investments, buy-backs and dividends) are within the Company's control. Accordingly, after making diligent enquiries the Directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. For this reason, the Directors have adopted the going concern basis in preparing the accounts.

The Board's assessment of liquidity risk and details of the Company's policies for managing its capital and financial risks are shown in note 19. The Company's business

Statement of corporate governance continued

activities, together with details of its performance are shown in this Directors' report and enhanced business review.

Conflicts of interest

Directors review the disclosure of conflicts of interest annually, with any changes reviewed and noted at the beginning of Board meetings. A Director that has conflicts of interest has two independent Directors authorise and acknowledge their conflicts. Procedures to disclose and authorise conflicts of interest have been adhered to throughout the year.

Capital structure and Articles of Association

Details regarding the Company's capital structure, substantial interests and Directors' powers to buy and issue shares are detailed in full on pages 15 and 20 of the Directors' report and enhanced business review. The Company is not party to any significant agreements that may take effect, alter or terminate upon a change of control of the Company following a takeover bid.

Any amendments to the Company's Articles of Association are by way of a special resolution subject to ratification by shareholders.

Relationships with shareholders

The Company's Annual General Meeting on 26 July 2010 will be used as an opportunity to communicate with investors. The Board, including the Chairman of the Audit Committee will be available to answer questions at the Annual General Meeting. At the Annual General Meeting, the level of proxies lodged on each resolution, the balance for and against the resolution, and the number of votes withheld, are announced after the resolution has been voted on by a show of hands.

The Annual General Meeting will also include a presentation from the Manager on the portfolio and on the Company, and a presentation from a portfolio company.

Shareholders are able to access the latest information on the Company via the Albion Ventures LLP website www.albion-ventures.co.uk under the 'Our Funds' section.

The Company's share buy-back programme operates in the market through brokers. In order to sell shares, as they are quoted on the London Stock Exchange, investors should approach a broker to undertake the sale. Banks may be able to assist shareholders with a referral to a broker within their banking group.

Statement of compliance

With the exception of the requirement to have a Remuneration Committee, the Directors consider that the Company has complied throughout the year ended 31 March 2010 with all the relevant provisions set out in Section 1 of the Code, and with the AIC Code of Corporate Governance. The Company continues to comply with the Code as at the date of this report.

Directors' remuneration report

Introduction

This report is submitted in accordance with Section 420 of the Companies Act 2006. The report also meets the relevant rules of the Listing Rules of the Financial Services Authority and describes how the Board has applied the principles relating to the Directors' remuneration. As required by the Act, a resolution to approve the report will be proposed at the Annual General Meeting.

UNAUDITED INFORMATION

Remuneration Committee

Since the Company's Board consists solely of non-executive Directors and there are no executive employees, a Remuneration Committee is not considered necessary.

Directors' remuneration policy

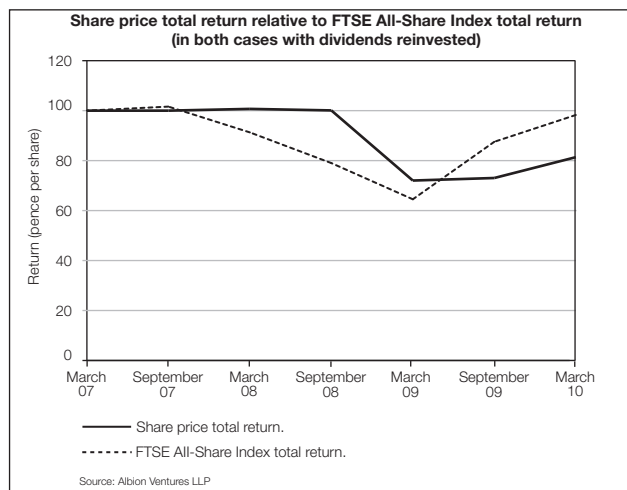

The Company's policy is that fees payable to non-executive Directors should reflect their expertise, responsibilities and time spent on Company matters. In determining the level of non-executive remuneration, market equivalents are considered in comparison to the overall activities and size of the Company.

The maximum level of non-executive Directors' remuneration is fixed by the Company's Articles of Association, not to exceed £100,000 per annum; amendment to this is by way of a special resolution subject to ratification by shareholders.

Performance graph

The graph below shows Albion Enterprise VCT PLC's share price return against the FTSE All-Share Index total return, in both instances with dividends reinvested. The Directors consider this to be the most appropriate benchmark. Investors should however be reminded that shares in VCTs generally trade at a discount to the actual net asset value of the Company.

There are no options, issued or exercisable, in the Company which would distort the graphical representation that follows:

Methodology: The share price return to the shareholder, including original amount invested (rebased to 100) from launch, assuming that dividends were re-invested at the share price of the Company at the time the shares were quoted ex-dividend. Transaction costs are not taken into account.

The Company's Articles of Association provide for the resignation and, if approved, re-election of the Directors every three years at the Annual General Meeting. At the forthcoming Annual General Meeting, Maxwell Packe and Patrick Reeve will retire and be proposed for re-election.

AUDITED INFORMATION

Directors' remuneration

The following items have been audited.

The following table shows an analysis of the remuneration of individual directors, exclusive of National Insurance or VAT:

	2010 Fees £'000	2009 Fees £'000
Maxwell Packe	20	20
Lady Balfour of Burleigh	18	17
Lord St. John of Bletso	18	17
Albion Ventures LLP (for Patrick Reeve's Services)	18	17
	74	71

The Company does not confer any share options, long term incentives or retirement benefits to any Director, nor does it make a contribution to any pension scheme on behalf of the Directors.

No Director has a contract with the Company.

Each Director of the Company was remunerated personally, through the Manager's payroll recharged to the Company, save for Patrick Reeve whose services are provided by Albion Ventures LLP.

In addition to Directors' remuneration, the Company pays an annual premium in respect of Directors' & Officers' Liability Insurance of £9,135 (2009: £9,135).

Independent Auditors' report to the members of Albion Enterprise VCT PLC

We have audited the Financial Statements of Albion Enterprise VCT Plc for the year ended 31 March 2010 which comprise the Income statement, the Balance sheet, the Reconciliation of movement in shareholders' funds, the Cash flow statement and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of Directors and auditors

As explained more fully in the Statement of Directors' responsibilities, the Directors are responsible for the preparation of the Financial Statements and for being satisfied that they give a true and fair view. Our responsibility is to audit the Financial Statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit

An audit involves obtaining evidence about the amounts and disclosures in the Financial Statements sufficient to give reasonable assurance that the Financial Statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the Company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the Directors; and the overall presentation of the Financial Statements.

Opinion on Financial Statements

In our opinion the Financial Statements:

- give a true and fair view of the state of the Company's affairs as at 31 March 2010 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matters prescribed by the Companies Act 2006

In our opinion:

- the part of the Directors' remuneration report to be audited has been properly prepared in accordance with the Companies Act 2006;
- the information given in the Directors' report and enhanced business review for the financial year for which the financial statements are prepared is consistent with the Financial Statements; and
- the information given in the Statement of corporate governance in compliance with rules 7.2.5 and 7.2.6 in the Disclosure Rules and Transparency Rules sourcebook issued by the Financial Services Authority (information about internal control and risk management systems in relation to financial reporting processes and about share capital structures) is consistent with the Financial Statements.

Matters on which we are required to report by exception

We have nothing to report in respect of the following:

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the Financial Statements and the part of the Directors' remuneration report to be audited are not in agreement with the accounting records and returns; or
- certain disclosures of Directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Under the Listing Rules we are required to review:

- the Directors' statement, set out on page 25, in relation to going concern; and
- the part of the Statement of corporate governance relating to the Company's compliance with the nine provisions of the June 2008 Combined Code specified for our review.

The total column of this Income statement represents the profit and loss account of the Company. The supplementary revenue and capital columns have been prepared in accordance with the Association of Investment Companies' Statement of Recommended Practice.

The accompanying notes on pages 34 to 46 form an integral part of these Financial Statements.

All revenue and capital items in the above statement derive from continuing operations.

There are no recognised gains or losses other than the results for the year disclosed above. Accordingly a statement of total recognised gains and losses is not required.

The difference between the reported profit on ordinary activities before tax and the historical profit is due to the fair value movements on investments. As a result a note on historical cost profit and losses has not been prepared.

Notes to the Financial Statements

1. Accounting convention

The Financial Statements have been prepared in accordance with the historical cost convention, modified to include the revaluation of investments, in accordance with applicable United Kingdom law and accounting standards and with the Statement of Recommended Practice “Financial Statements of Investment Trust Companies and Venture Capital Trusts” (“SORP”) issued by the Association of Investment Companies (“AIC”) in January 2009. Accounting policies have been applied consistently in current and prior periods.

2. Accounting policies

Fixed and current asset investments

Unquoted equity investments

In accordance with FRS 26 “Financial Instruments: Recognition and Measurement”, unquoted equity investments are designated as fair value through profit or loss. Unquoted investments’ fair value is determined by the Directors in accordance with the September 2009 International Private Equity and Venture Capital Valuation Guidelines (IPEVCV guidelines). The revised September 2009 IPEVCV guidelines have not had a material impact on the portfolio.

Fair value movements on equity investments and gains and losses arising on the disposal of investments are reflected in the capital column of the Income statement in accordance with the AIC SORP. Realised gains or losses on the sale of investments will be reflected in the realised capital reserve, and unrealised gains or losses arising from the revaluation of investments will be reflected in the unrealised capital reserve.

Unquoted loan stock and Euro commercial paper

Unquoted loan stock and Euro commercial paper are classified as loans and receivables in accordance with FRS 26 and carried at amortised cost using the Effective Interest Rate method less impairment. Movements in amortised cost relating to interest income are reflected in the revenue column of the Income statement, and hence are reflected in the revenue reserve, and movements in respect of capital provisions are reflected in the capital column of the Income statement and are reflected in the realised capital reserve following sale, or in the unrealised capital reserve on revaluation.

For all unquoted loan stock, whether fully performing, re-negotiated, past due or impaired, the Board considers that the fair value is equal to or greater than the security value of these assets. For unquoted loan stock, the amount of the impairment is the difference between the asset’s cost and the present value of estimated future cash flows, discounted at the effective interest rate.

Floating rate notes

In accordance with FRS 26, floating rate notes are designated as fair value through profit or loss. Floating rate notes are valued at market bid price at the balance sheet date. Floating rate notes are classified as current asset investments as they are investments held for the short term.

Investments are recognised as financial assets on legal completion of the investment contract and are de-recognised on legal completion of the sale of an investment.

Dividend income is not recognised as part of the fair value movement of an investment, but is recognised separately as investment income through the revenue reserve when a share becomes ex-dividend.

Loan stock accrued interest is recognised in the Balance sheet as part of the carrying value of the loans and receivables at the end of each reporting period.

It is not the Company’s policy to exercise control or significant influence over portfolio companies. Therefore in accordance with the exemptions under FRS 9 “Associates and joint ventures”, those undertakings in which the Company holds more than 20 per cent. of the equity are not regarded as associated undertakings.

Investment income

Unquoted equity income

Dividend income is included in revenue when the investment is quoted ex-dividend.

Unquoted loan stock, Euro commercial paper income and other preferred income

Fixed returns on non-equity shares and debt securities are recognised on a time apportionment basis using an effective interest rate over the life of the financial instrument. Income which is not capable of being received within a reasonable period of time is reflected in the capital value of the investment.

Bank interest income

Interest income is recognised on an accruals basis using the rate of interest agreed with the bank.

Floating rate note income

Floating rate note income is recognised on an accruals basis using the interest rate applicable to the floating rate note at that time.

Investment management fees and expenses

All expenses have been accounted for on an accruals basis. Expenses are charged through the revenue account except the following which are charged through the realised capital reserve:

- 75 per cent. of management fees are allocated to the capital account to the extent that these relate to an enhancement in the value of the investments. This is in line with the Board’s expectation that over the long term 75 per cent. of the Company’s investment returns will be in the form of capital gains; and
- expenses which are incidental to the purchase or disposal of an investment are charged through the realised capital reserve.

Notes to the Financial Statements continued

2. Accounting policies (continued)

Under the terms of the management agreement, total expenses including management fees and excluding performance fees will not exceed 3.5 per cent. of net asset value per annum.

Performance incentive fee

In the event that a performance incentive fee crystallises, the fee will be allocated between revenue and realised capital reserves based upon the proportion to which the calculation of the fee is attributable to revenue and capital returns.

Taxation

Taxation is applied on a current basis in accordance with FRS 16 "Current tax". Taxation associated with capital expenses is applied in accordance with the SORP. In accordance with FRS 19 "Deferred tax", deferred taxation is provided in full on timing differences that result in an obligation at the balance sheet date to pay more tax or a right to pay less tax, at a future date, at rates expected to apply when they crystallise based on current tax rates and law. Timing differences arise from the inclusion of items of income and expenditure in taxation computations in periods different from those in which they are included in the Financial Statements.

Deferred tax assets are recognised to the extent that it is regarded as more likely than not that they will be recovered.

The specific nature of taxation of venture capital trusts means that it is unlikely that any deferred tax will arise. The Directors have considered the requirements of FRS 19 and do not believe that any provision should be made.

Reserves

Unrealised capital reserve

Increases and decreases in the valuation of investments held at the year end against cost are included in this reserve.

Special reserve

The cancellation of the share premium account has created a special reserve that can be used to fund market purchases and subsequent cancellation of own shares, to cover gross realised losses, and for other distributable purposes.

Treasury shares reserve

This reserve accounts for amounts by which the distributable reserves of the Company are diminished through the repurchase of the Company's own shares for treasury.

Realised capital reserve

The following are disclosed in this reserve:

- gains and losses compared to cost on the realisation of investments; and
- expenses, together with the related taxation effect, charged in accordance with the above policies.

Dividends

In accordance with FRS 21 "Events after the balance sheet date", dividends declared by the Company are accounted for in the period in which the dividend has been paid or approved by shareholders in an Annual General Meeting.

	<u>83</u>	<u>(89)</u>	<u>(6)</u>	<u>234</u>	<u>(153)</u>	<u>81</u>

The tax charge for the year shown in the Income statement is lower than the standard rate of corporation tax in the UK of 28 per cent. (2009: 28 per cent.). The differences are explained below.

	Year ended 31 March 2010 £'000	Year ended 31 March 2009 £'000
Return/(loss) on ordinary activities before tax	430	(1,074)
Tax on profit/(loss) at the standard rate	120	(300)
Factors affecting the charge:		
Capital (profits)/losses not subject to taxation	(153)	401
Consortium relief	(6)	-
Losses	33	-
Marginal relief	-	(20)
Current tax charge	<u>(6)</u>	<u>81</u>

Notes

- (i) Venture Capital Trusts are not subject to corporation tax on capital gains.
- (ii) Tax relief on expenses charged to capital has been determined by allocating tax relief to expenses by reference to the applicable corporation tax rate of 28 per cent. and allocating the relief between revenue and capital in accordance with the SORP.

No provision for deferred tax has been made in the current or prior accounting period. The Company has not recognised a deferred tax asset of £25,000 (2009: £nil) in respect of unutilised management expenses.

Dividend of 1.0p per share paid on 6 January 2010	303	-	303	-	-	-
	606	-	606	459	-	459

In addition to the dividends summarised above, the Directors have declared a first dividend for the year ending 31 March 2011 of 1.5 pence per share to be paid on 7 August 2010 to shareholders on the register as at 9 July 2010. The total dividend will be approximately £455,000.

10. Basic and diluted return/(loss) per share

	Year ended 31 March 2010			Year ended 31 March 2009		
	Revenue	Capital	Total	Revenue	Capital	Total
The return per share has been based on the following figures:						
Return/(loss) attributable to equity shares (£'000)	305	131	436	640	(1,795)	(1,155)
Weighted average shares in issue (excluding treasury shares)			30,314,795			30,266,779
Return/(loss) attributable per Ordinary share (pence) (basic and diluted)	1.01	0.43	1.44	2.11	(5.93)	(3.82)

The weighted average number of shares is calculated excluding treasury shares of 54,967 (2009: 43,300).

There are no convertible instruments, derivatives or contingent share agreements in issue for Albion Enterprise VCT PLC hence there are no dilution effect to the return per share. The basic return per share is therefore the same as the diluted return per share.

The Company's policy is to sell treasury shares at a price greater than the purchase price hence the net asset value per share on a diluted basis would be equal to or greater than the basic net asset value per share, depending on the actual price achieved for selling the treasury shares.

Fixed asset investments held at fair value through the profit or loss account total £5,526,000 (2009: £2,624,000). Investments held at amortised cost total £6,382,000 (2009: £3,180,000). There has been no re-designation of fixed asset investments during the year.

Additions of £5,644,000 included in the Cash flow statement differ from the additions of £5,692,000 shown in the note above due to an investment settlement creditor of £48,000 in respect of Bravo Inns II Limited.

In September 2009, Albion Enterprise VCT PLC exchanged its shareholdings in Welland VCT Limited (formerly Clear Pub Company VCT Limited) for a shareholding in the Charnwood Pub Company VCT Limited. The reorganisation resulted in the pubs being managed by a single team.

Fixed asset investment class valuation methodologies

Unquoted loan stock investments are valued on an amortised cost basis. Loan stock using a fixed interest rate totals £5,001,000 (2009: £1,897,000). Loan stock using a floating interest rate totals £1,381,000 (2009: £1,283,000).

The Directors believe that the carrying value of loan stock, valued using amortised cost, is not materially different to fair value.

The Company does not hold any assets as the result of the enforcement of security during the year, and believes that the carrying values for impaired and past due assets are covered by the value of security held for these loan stock investments.

The amended FRS 29 'Financial Instruments: Disclosures' requires the Company to disclose the valuation methods applied to its investments measured at fair value through profit or loss in a fair value hierarchy according to the following definitions:

Fair value hierarchy	Definition of valuation method
Level 1	Unadjusted quoted (bid) prices applied
Level 2	Inputs to valuation are from observable sources and are directly or indirectly derived from prices
Level 3	Inputs to valuations are based on observable market data

Notes to the Financial Statements continued

11. Fixed asset investments (continued)

The investments are categorised in accordance with FRS 29 as follows:

	31 March 2010			Total £'000
	Level 1 £'000	Level 2 £'000	Level 3 £'000	
Unquoted equity and preference shares	—	—	5,526	5,526

The unquoted equity investments and preference shares held at fair value through profit or loss (level 3) had the following movements in the year to 31 March 2010:

	£'000
Opening balance as at 1 April 2009	2,624
Additions	2,084
Debt/equity swap	426
Unrealised gains on equity investments	392
Closing balance as at 31 March 2010	5,526

The classification of investments by nature of instruments is as follows:

	31 March 2010 £'000	31 March 2009 £'000
Unquoted equity and preference shares	5,526	2,624
Unquoted loan stock	6,382	3,180
	11,908	5,804

Unquoted equity investments are valued in accordance with the IPEV CV guidelines as follows:

	31 March 2010 £'000	31 March 2009 £'000
Valuation methodology		
Cost (reviewed for impairment)	1,566	1,436
Net asset value supported by third party valuation	1,667	239
Recent investment price	1,739	685
Earnings multiple	554	264
	5,526	2,624

The portfolio had the following movements between valuation methodologies between 31 March 2009 and 31 March 2010:

	Value as at 31 March 2010 £'000	Explanatory note
Change in investment methodology (2009 to 2010)		
Cost (reviewed for impairment) to recent investment price	3,680	Most recent price information available

The valuation method used will be the most appropriate valuation methodology for an investment within its market, with regard to the financial health of the investment and the September 2009 IPEV CV Guidelines. The Directors believe that, within these parameters, there are no other possible methods of valuation which would be reasonable as at 31 March 2010.

FRS 29 requires the Directors to consider the impact of changing one or more of the inputs used as part of the valuation process to reasonable possible alternative assumptions. After due consideration and noting that the valuation methodology applied to 68 per cent. of the equity investments (by valuation) is based on third party independent evidence and recent investment price or new investments supported by cash, the Directors do not believe that changes to reasonable possible alternative assumptions for the valuation of the remainder of the portfolio would lead to a significant change in the fair value of the portfolio.

Notes to the Financial Statements continued

12. Significant interests

The principal activity of the Company is to select and hold a portfolio of investments in unquoted securities. Although the Company, through the Manager, will, in some cases, be represented on the board of the portfolio company, it will not take a controlling interest or become involved in the management. The size and structure of the companies with unquoted securities may result in certain holdings in the portfolio representing a participating interest without there being any partnership, joint venture or management consortium agreement.

The Company does not have interests of greater than 20 per cent. in the nominal value of any class of the allotted shares in the portfolio companies as at 31 March 2010.

13. Current assets

Current assets include the following:

	31 March 2010 £'000	31 March 2009 £'000
Trade and other debtors		
Prepayments and accrued income	25	30
UK corporation tax receivable	86	–
	<u>111</u>	<u>30</u>

The Directors consider that the carrying amount of debtors is not materially different to their fair value.

	31 March 2010 £'000	31 March 2009 £'000
Current asset investments		
UBS AG floating rate note 20 May 2011	2,536	–

Bank of Nova Scotia floating rate note 22 September 2010	–	2,167
Nationwide Building Society floating rate note 7 June 2010	–	1,826
HBOS floating rate note 17 December 2009	–	437
	<u>2,536</u>	<u>12,123</u>

The investments in the floating rate notes represent money held for investment. The floating rate notes can be converted to cash within three working days. This sum is regarded as money held pending investment and is treated as liquid resources in the Cash flow statement.

In accordance with FRS 29, the UBS AG floating rate note has been categorised as Level 1 within the fair value hierarchy, as described in note 11 on page 39.

14. Creditors: amounts falling due within one year

	31 March 2010 £'000	31 March 2009 £'000
UK corporation tax payable	–	54
Accruals and deferred income	29	266

19. Capital and financial instruments risk management

The Company's capital comprises Ordinary shares as described in note 15. The Company is permitted to buy back its own shares for cancellation or treasury purposes, and this is described in more detail on page 20 of the Directors' report and enhanced business review.

The Company's financial instruments comprise equity and loan stock investments in unquoted companies, floating rate notes, cash balances, short term debtors and creditors which arise from its operations. The main purpose of these financial instruments is to generate cashflow and revenue and capital appreciation for the Company's operations. The Company has no gearing or other financial liabilities apart from short term creditors. The Company does not use any derivatives for the management of its balance sheet.

The principal risks arising from the Company's operations are:

- Investment (or market) risk (which comprises investment price and cash flow interest rate risk);
- credit risk; and
- liquidity risk.

The Board regularly reviews and agrees policies for managing each of these risks. There have been no changes in the nature of the risks that the Company has faced during the past year, and apart from where noted below, there have been no changes in the objectives, policies or processes for managing risks during the past year. The key risks are summarised below:

Investment risk

As a venture capital trust, it is the Company's specific nature to evaluate and control the investment risk of its portfolio in unquoted investments, details of which are shown on page 11. Investment risk is the exposure of the Company to the revaluation and devaluation of investments. The main driver of investment risk is the operational and financial performance of the portfolio companies and the dynamics of market quoted comparators. The Manager receives management accounts from portfolio companies, and members of the investment management team often sit on the boards of unquoted portfolio companies; this enables the close identification, monitoring and management of investment risk.

The Manager and the Board formally review investment risk (which includes market price risk), both at the time of initial investment and at quarterly Board meetings.

The Board monitors the prices at which sales of investments are made to ensure that profits to the Company are maximised, and that valuations of investments retained within the portfolio appear sufficiently prudent and realistic compared to prices being achieved in the market for sales of unquoted investments.

The maximum investment risk as at the balance sheet date is the value of the fixed and current asset investment portfolio which is £14,444,000 (2009: £17,927,000). Fixed and current asset investments form 54 per cent. of the net asset value as at 31 March 2010 (2009: 67 per cent.).

More details regarding the classification of fixed and current asset investments are shown in notes 11 and 13.

Investment price risk

Investment price risk is the risk that the fair value of future investment cash flows will fluctuate due to factors specific to an investment instrument or to a market in similar instruments. To mitigate the investment price risk for the Company as a whole, the Company currently invests in a broad spread of industries with approximately 54 per cent. of the unquoted investments comprising debt securities, which, owing to the structure of their yield and the fact that they are usually secured, have a lower level of price volatility than equity. Details of the industries in which investments have been made are contained in the Portfolio of investments section on page 11 and in the Manager's report.

19. Capital and financial instruments risk management (continued)

Valuations are based on the most appropriate valuation methodology for an investment within its market, with regard to the financial health of the investment and the September 2009 IPEVCV Guidelines.

As required under FRS 29 'Financial Instruments: Disclosures', the Board is required to illustrate by way of a sensitivity analysis, the degree of exposure to market risk. The Board considers that the value of the fixed and current asset investment portfolio is sensitive to a 10 per cent. change based on the current economic climate. The impact of a 10 per cent. change has been selected as this is considered reasonable given the current level of volatility observed both on a historical basis and future expectations.

The sensitivity of a 10 per cent. increase or decrease in the valuation of the fixed and current asset investments (keeping all other variables constant) would increase or decrease the net asset value by £1,444,000 (2009: £1,793,000).

Cash flow interest rate risk

It is the Company's policy to accept a degree of interest rate risk on its financial assets through the effect of interest rate changes. On the basis of the Company's analysis, it is estimated that a rise or fall of 0.5 per cent. in all interest rates would have increased or reduced total return before tax for the year by approximately £169,000 (2009: £191,000).

The weighted average interest rate applied to the Company's fixed rate assets during the year was approximately 7.5 per cent. (2009: 6.6 per cent.). The weighted average period to expected maturity for the fixed rate assets is approximately 3.9 years (2009: 2.7 years).

The Company's financial assets and liabilities as at 31 March 2010, all denominated in pounds sterling, consist of the following:

	31 March 2010				31 March 2009			
	Fixed rate £'000	Floating rate £'000	Non-interest £'000	Total £'000	Fixed rate £'000	Floating rate £'000	Non-interest £'000	Total £'000

Credit risk

Credit risk is the risk that the counterparty to a financial instrument will fail to discharge an obligation or commitment that it has entered into with the Company. The Company is exposed to credit risk through its debtors, investment in unquoted loan stock, floating rate notes and through the holding of cash on deposit with banks.

The Manager evaluates credit risk on loan stock, floating rate note instruments and other similar instruments prior to investment, and as part of its ongoing monitoring of investments. In doing this, it takes into account the extent and quality of any security held. Typically loan stock instruments have a first fixed charge or a fixed and floating charge over the assets of the portfolio company in order to mitigate the gross credit risk. The Manager receives management accounts from portfolio companies, and members of the investment management team often sit on the boards of unquoted portfolio companies; this enables the close identification, monitoring and management of investment-specific credit risk.

The Manager and the Board formally review credit risk (including debtors) and other risks, both at the time of initial investment and at quarterly Board meetings.

The Company's total gross credit risk at 31 March 2010 was limited to £6,382,000 (2009: £3,180,000) of unquoted loan stock instruments, £12,281,000 (2009: £9,319,000) cash deposits with banks and £2,536,000 (2009: £12,123,000) held in floating rate notes.

The cost, impairment and carrying value of impaired loan stocks held at amortised cost at 31 March 2010 and 31 March 2009 are as follows:

	31 March 2010			31 March 2009		
	Cost £'000	Impairment £'000	Carrying value £'000	Cost £'000	Impairment £'000	Carrying value £'000
Impaired loan stock	862	(229)	633	706	(118)	588

Notes to the Financial Statements continued

19. Capital and financial instruments risk management (continued)

Impaired loan stock instruments have a first fixed charge or a fixed and floating charge over the assets of the portfolio company and the Board estimate that the security value approximates to the carrying value.

As at the balance sheet date, the cash held by the Company is held with the Royal Bank of Scotland plc, Bank of Scotland plc, The Lloyds Banking Group plc, HSBC plc, Scottish Widows Bank plc, Standard Life Bank plc and UBS Wealth Management plc. Credit risk on cash transactions is mitigated by transacting with counterparties that are regulated entities subject to prudential supervision, with Moody's credit ratings of at least 'A' or equivalent as assigned by international credit-rating agencies.

Floating rate note investments and bank deposits are held with banks which have a Moody's credit rating of at least 'A'.

Liquidity risk

Liquid assets are held as cash on current account, cash on deposit or short term money market account, as floating rate notes. Under the terms of its Articles, the Company has the ability to borrow up to 10 per cent. of its net assets, which amounts to £2,676,000 (2009: £2,693,000) as at 31 March 2010.

The Company has no committed borrowing facilities as at 31 March 2010 (2009: nil) and had cash balances of £12,281,000 (2009: £9,319,000), together with £2,536,000 (2009: £8,174,000) invested in floating rate notes, which are considered to be readily realisable within the timescales required to make cash available for investment. The main cash outflows are for new investments, buy-back of shares and dividend payments, which are within the control of the Company. The Manager formally reviews the cash requirements of the Company on a monthly basis, and the Board on a quarterly basis as part of its review of management accounts and forecasts. All the Company's financial liabilities are short term in nature and total £78,000 (2009: £348,000) at 31 March 2010.

The carrying value of loan stock investments held at amortised cost at 31 March 2010 is analysed by expected maturity date as follows:

Redemption date	Fully performing loan stock £'000	Past due loan stock (i) £'000	Impaired loan stock £'000	Total £'000
2-3 years	515	–	400	915
3-4 years	1,660	–	–	1,660
4-5 years	3,309	265	233	3,807
	5,484	265	633	6,382

The carrying value of loan stock investments held at amortised cost at 31 March 2009 is analysed by expected maturity date as follows:

Redemption date	Fully performing loan stock £'000	Renegotiated loan stock £'000	Impaired loan stock £'000	Total £'000
3-4 years	635	–	588	1,223
4-5 years	1,957	–	–	1,957
	2,592	–	588	3,180

(i) Interest (not capital) is overdue.

Loan stock with a carrying value of £265,000 owed loan stock interest of £11,000 as at 31 March 2010 which was four months overdue.

In view of the factors above, the Board considers that the Company is subject to low liquidity risk.

Fair values of financial assets and financial liabilities

All the Company's financial assets and liabilities as at 31 March 2010 are stated at fair value as determined by the Directors, with the exception of loans and receivables included within investments, which are carried at amortised cost, in accordance with FRS 26. The Directors believe that the carrying value of loan stock is not materially different to the fair value. There are no financial liabilities other than creditors. The Company's financial liabilities are all non-interest bearing. It is the Directors' opinion that the book value of the financial liabilities is not materially different to the fair value, and all are payable within one year.

20. Post balance sheet events

Since 31 March 2010 the Company has completed the following investments:

- April 2010: the non-qualifying investment in Geronimo Inns VCT I Limited became qualifying
- April 2010: the non-qualifying investment in Geronimo Inns VCT II Limited became qualifying
- June 2010: investment in Masters Pharmaceuticals Limited of £980,000

21. Related party transactions

The Manager, Albion Ventures LLP, is considered to be a related party by virtue of the fact that Patrick Reeve, a Director of the Company, is also a Partner of the Manager. The Manager is party to a management agreement from the Company (details disclosed on page 19 of this report).

During the year, services of a total value of £673,000 (2009: £723,000) were purchased by the Company from Albion Ventures LLP. At the financial year end, the amount due to Albion Ventures LLP disclosed within accruals and deferred income was £2,000 (2009: £219,000).

The Company was also charged £21,000 (including VAT) by Albion Ventures LLP in respect of Patrick Reeve's services as a Director (2009: £20,000). At the year end, the amount due to Albion Ventures LLP in respect of these services disclosed as accruals and deferred income was £5,000 (2009: £5,000).

Maxwell Packe is the chairman of the Board of Green Energy Property Services Group Limited, a company in which Albion Enterprise VCT PLC is invested. During the year, Green Energy Property Services Group Limited paid Albion Enterprise VCT PLC loan stock interest of £nil (2009: £3,000).

Vibrant Energy Surveys Limited went into administration in the year, and the investment was restructured into a new company, Vibrant Energy Assessors Limited. This subsequently merged with Green Energy Property Services Group Limited. During the year, Albion Enterprise VCT PLC made a further investment in Green Energy Property Services Group Limited of £70,000.

Notice of Annual General Meeting

NOTICE IS HEREBY GIVEN that the Annual General Meeting of Albion Enterprise VCT PLC (the “Company”) will be held at 12 noon on 26 July 2010 at the City of London Club, 19 Old Broad Street, London, EC2N 1DS for the following purposes:

To consider and, if thought fit, to pass the following resolutions, of which numbers 1 to 7 will be proposed as ordinary resolutions and numbers 8 and 9 as special resolutions.

Ordinary Business

1. To receive and adopt the Company’s accounts and the reports of the Directors and Auditors for the year ended 31 March 2010.
2. To re-appoint PKF (UK) LLP as Auditors of the Company from the conclusion of the meeting to the conclusion of the next meeting at which the accounts are laid.
3. To authorise the Directors to agree the Auditors’ remuneration.
4. To approve the Directors’ remuneration report for the year ended 31 March 2010.
5. To re-elect Maxwell Packe as a Director of the Company.
6. To re-elect Patrick Reeve as a Director of the Company.

Special Business

7. The Directors be generally and unconditionally authorised in accordance with section 551 of the Companies Act 2006 (the “Act”) to allot shares in the Company up to a maximum aggregate nominal amount in the case of Ordinary shares of 50p each in the capital of the Company (‘Ordinary shares’) of £1,518,874 (which comprises 10 per cent. of the Ordinary share capital) such authority to expire on 26 January 2012, but so that the Company may, before the expiry of such period, make an offer or agreement which would or might require shares to be allotted after the expiry of such period and the Directors may allot shares pursuant to such an offer or agreement as if the authority had not expired; and all unexercised authorities previously granted to the Directors to allot relevant securities be, and are hereby, revoked.
8. That subject to and conditional on the passing of resolution number 7, the Directors be empowered, pursuant to section 570 of the Act, to allot equity securities (within the meaning of section 560 of the Act) for cash pursuant to the authority conferred by resolution number 7 as if section 561(1) of the Act did not apply to any such allotment, provided that this power shall be limited to the allotment of equity securities:
 - (a) in connection with an offer of such securities by way of rights issue, open offer;
 - (b) in connection with any Dividend Reinvestment Scheme introduced and operated by the Company; and
 - (c) otherwise than pursuant to the sub-paragraphs above, in respect of the Ordinary shares, to an aggregate nominal amount of £1,518,874 (equal to 10 per cent. of the Ordinary share capital);

and shall expire 18 months from the date of this resolution, or at the conclusion of the next Annual General Meeting, whichever is earlier, save that the Company may, before such expiry make an offer or agreement which would or might require equity securities to be allotted after such expiry and the Directors may allot equity securities in pursuance of any such offer or agreement as if the power had not expired.

In this resolution, “rights issue” means an offer of equity securities open for acceptance for a period fixed by the Directors to holders on the register on a fixed record date in proportion as nearly as may be to their respective holdings, but subject to such exclusions or other arrangements as the Directors may deem necessary or expedient to deal with any fractional entitlements or legal or practical difficulties under the laws of, or the requirement of any recognised regulatory body or any stock exchange in, any territory.

Notice of Annual General Meeting continued

This power applies in relation to a sale of shares which is an allotment of equity securities by virtue of section 560(2)(b) of the Act as if in the first paragraph of the resolution the words “pursuant to the authority conferred by resolution number 7” were omitted.

9. That, subject to and in accordance with Article 49 of the Company’s Articles of Association, the Company be generally and unconditionally authorised to make one or more market purchases (within the meaning of Section 693(4) of the Act) of Ordinary shares of 50p each in the capital of the Company (“Ordinary shares”) on such terms as the Directors think fit, and where such shares are held as treasury shares, the Company may use them for the purposes set out in section 727 of the Act, provided that:
- (a) the maximum aggregate number of shares authorised to be purchased is 4,553,586 Ordinary shares (representing approximately 14.99 per cent of the issued Ordinary shares as at the date of this Notice);
 - (b) the minimum price, exclusive of any expenses, which may be paid for an Ordinary share is 50p;
 - (c) the maximum price, exclusive of any expenses that may be paid for each Ordinary share is an amount equal to the higher of: (a) 105 per cent of the average of the middle market quotations as derived from the London Stock Exchange Daily Official List, for a share over the five business days immediately preceding the day on which the Ordinary share is purchased; and (b) the amount stipulated by Article 5(1) of the Buy-back and Stabilisation Regulation 2003;
 - (d) the authority hereby conferred shall, unless previously revoked or varied, expire at the conclusion of the next Annual General Meeting of the Company or eighteen months from the date of the passing of this resolution, whichever is earlier; and
 - (e) the Company may make a contract or contracts to purchase Ordinary shares under this authority before the expiry of the authority which will or may be executed wholly or partly after the expiry of the authority, and may make a purchase of Ordinary shares in pursuance of any such contract or contracts.

Under the Companies (Acquisition of Own Shares) (Treasury Shares) Regulations 2003, shares purchased by the Company out of distributable profits can be held as treasury shares, which may then be cancelled or sold for cash. The authority sought by this special resolution number 9 is intended to apply equally to shares to be held by the Company as treasury shares in accordance with the Regulations.

The Directors seek authority to sell treasury shares at a price not less than that at which they were purchased.

Notice of Annual General Meeting continued

Notes

1. Members entitled to attend, speak and vote at the Annual General Meeting ("AGM") may appoint a proxy or proxies (who need not be a member of the Company) to exercise these rights in their place at the meeting. A member may appoint more than one proxy, provided that each proxy is appointed to exercise the rights attached to different shares. Proxies may only be appointed by completing and returning the Form of Proxy enclosed with this Notice to Capita Registrars, PXS, 34 Beckenham Road, Beckenham BR3 4TU.

Return of the Form of Proxy will not preclude a member from attending the meeting and voting in person. A member may not use any electronic address provided in the Notice of this meeting to communicate with the Company for any purposes other than those expressly stated.

To be effective the Form of Proxy must be completed in accordance with the instructions and received by the Registrars of the Company by 12 noon on 24 July 2010.

In accordance with good governance practice, the Company is offering shareholders use of an online service, offered by the Company's registrar, Capita Registrars, at www.capitashareportal.com. Shareholders can use this service to vote or appoint a proxy online. The same voting deadline of 12.00 noon on 24 July 2010 applies as if you were using your Personalised Voting Form to vote or appoint a proxy by post to vote for you. Shareholders will need to use the unique personal identification Investor Code that is printed on their Form of Proxy. Shareholders should not show this information to anyone unless they wish to give proxy instructions on their behalf.

2. Any person to whom this Notice is sent who is a person nominated under section 146 of the Companies Act 2006 (the 'Act') to enjoy information rights (a "Nominated Person") may, under an agreement between him or her and the member by whom he or she was nominated, have a right to be appointed (or to have someone else appointed) as a proxy for the AGM. If a Nominated Person has no such proxy appointment right or does not wish to exercise it, he or she may, under any such agreement, have a right to give instructions to the member as to the exercise of voting rights. The statement of rights of members in relation to the appointment of proxies in note 1 above does not apply to Nominated Persons. The rights described in that note can only be exercised by members of the Company.
3. To be entitled to attend and vote at the AGM (and for the purpose of the determination by the Company of the votes they may cast), members must be registered in the register of members of the Company at 12.00 noon on 24 July 2010 (or, in the event of any adjournment, on the date which is two days before the time of the adjourned meeting). Changes to the register of members after the relevant deadline shall be disregarded in determining the rights of any person to attend and vote at the meeting.
4. Any corporation which is a member can appoint one or more corporate representatives who may exercise on its behalf all of its powers as a member provided that they do not do so in relation to the same shares.
5. Copies of contracts of service and letters of appointment between the Directors and the Company will be available for inspection at the Registered Office of the Company during normal business hours from the date of this Notice until the conclusion of the meeting, and at the place of the meeting for at least 15 minutes prior to the meeting until its conclusion. In addition, a copy of the Articles of Association will be available for inspection at the Company's registered office from the date of this Notice until the conclusion of the meeting, and at the place of the meeting for at least 15 minutes prior to the meeting until its conclusion.
6. Under section 527 of the Act members meeting the threshold requirements set out in that section have the right to require the Company to publish on a website a statement setting out any matter relating to: (i) the audit of the Company's accounts (including the Auditor's report and the conduct of the audit) that are to be laid before the AGM; or (ii) any circumstances connected with an Auditor of the Company ceasing to hold office since the previous meeting at which the annual accounts and reports were laid in accordance with section 437 of the Act. The Company may not require the members requesting any such website publication to pay its expenses in complying with sections 527 or 528 of the Act. Where the Company is required to place a statement on a website under section 527 of the Act, it must forward the statement to the Company's Auditor not later than the time when it makes the statement available on the website. The business which may be dealt with at the AGM includes any statement that the Company has been required under section 527 of the Act to publish on a website.
7. A copy of this Notice, and other information regarding the meeting, as required by section 311A of the Act, is available from www.albion-ventures.co.uk, Our Funds, Albion Enterprise VCT PLC.
8. Any member attending the meeting has the right to ask questions. The Company must cause to be answered any such question relating to the business being dealt with at the meeting but no such answer need be given if (a) to do so would interfere unduly with the preparation for the meeting or involve the disclosure of confidential information, (b) the answer has already been given on a website in the form of an answer to a question, or (c) it is undesirable in the interests of the Company or the good order of the meeting that the question be answered.
9. As at 29 June 2010 (being the latest practicable date prior to the publication of this Notice), the Company's issued share capital consists of 30,377,492 Ordinary shares. The Company holds 54,967 shares in treasury. Therefore, the total voting rights in the Company as at 29 June 2010 are 30,322,525.
